

YOUNG LEADERS TRAINING

Young Leaders is a training opportunity for young people (up to 17 years of age) to support them to take more of a responsibility in their youth club.

Many Young Leaders run activities on topics that are of interest to them, like sports or arts & crafts. In addition to this, Young Leaders help with the facilitating of sessions and work alongside club leaders and volunteers to gain vital skills that can improve their own learning and help develop their CV!

Young people will attend a two day course at a venue in Shropshire or Telford & Wrekin

If your young people need assistance with travel to the venue, please let us know so we can support.

Ongoing Support...

Project workers will support the Young Leaders once the training has been completed so they can be fully involved in the running of their clubs. They can also help with access to resources and facilitating ideas...
